Reality Around The Corner
The United States News reports, "Black-market operations are more widespread now in peace than they were at any time during the war. Any they are growing." Wherever the black market becomes a major factor in distribution, the OPA might as well fold up its charts and go home. Price control becomes an empty gesture.

It cannot be pointed out too often that the only thing that can prevent black market destruction of OPA is the legitimate merchant. Tens of thousands of retailers the country over want to keep prices down. To do so they must maintain high volume sales. As long as OPA is the official arbiter of price, it is also the regulator of volume. If prices are too high or too low, volume falls off. Normally, free markets coupled with efficient mass distribution strike a fair balance between extremes. The needs of manufacturers, producers, distributors, and consumers are satisfied.

The OPA as a regulator and stabilizer can never match the efficiency of the free market. It would not have done as well as it has if the retail distribution industry, and more specifically, the organized units of the industry such as chain stores, had not cooperated wholeheartedly to make control work. The chains brought all of their knowledge of mass buying and selling into the battle against inflation. They were experts as operators on narrow margins.

Inflation is anathema to the modern distribution industry. And if the OPA is wise it will steer clear of letting "hold the line" theories and "cost absorption" strike at the vitals of legitimate retailing. The rising shadow of the black market is a reality that wastes no time on theories.

Royal Thievery

The Federal Government is suing the state of California to gain possession of her oil tidelands. Recently the state of Louisiana came to the defense of California, for the reason that Louisiana has the foresight to realize that her own oil tidelands on the gulf are at stake if California loses the fight with the Federal Government.

It is shortsighted for the various states to not be interested in each other's problems when one is under attack, because each Federal encroachment on a state's rights sets a precedent to be extended to all states. So far Louisiana is the only state to make a stand with California to perpetuate ownership of her tidelands, mainly because few states possess such wealth under their tide waters—but they may have other wealth that a verdict against California could be stretched to cover.

If the Federal Government can successfully attack states to secure lands or minerals it may covet, and there is no concerted opposition, individual states may eventually find themselves in possession of nothing but jack rabbits, slag, and beach combings.

Florida Must Produce

Jacksonville, Mar. 17 (FNS)—Director William L. Wilson of the Florida State Farmers Markets said this week that much of the food needed in Europe this year "must be produced from American sources. Florida can and should contribute to that production."

"It is apparent that in the months ahead, Florida farmers should devote attention to staple products," he declared. "This need not curtail production of the luxury type products, for which the state has built a tremendous trade, since the bulk of our staple crops come from areas which do not concentrate on vegetables."

"Cultivation of the staples is, to a large extent, carried on in months when lettuce, celery, beans and other major truck crops are not being harvested."

Bicycles Off Sidewalks

Mayor George Taylor has given instructions to the city police to put in force an order that there shall be no bicycle riding on the sidewalks of the city. Complaints have been coming in against this practice and a number of people have been injured through the carelessness of riders while using the sidewalks.

Why JAX Beer WILL BE SCARCER

... An Important Notice To JAX Beer Dealers and Customers

Because millions of Europeans are starving, your government has taken steps to conserve grain to feed the war victims this spring and summer.

Among other steps, the Government has imposed a cut of 30% on beer production for the three months beginning March 1. And this is in addition to a 12% cut ordered during the same period last year . . . the period on which our current production is based. So the actual cut is far more than 30%.

This means a drastic reduction in the amount of JAX Beer we can produce for our dealers and customers. It means that JAX, the Drink of Friendship, will be hard to get at times.

We have already been forced to adjust our quotas to our dealers to conform to the new ruling. We are doing our best to maintain fair distribution to all dealers and to see, so far as it is humanly possible, that JAX is available to you most of the time.

We know that this government-ordered cut in our production will inconvenience our dealers and our customers. But the cause is a good one. The small inconvenience you will suffer is nothing as compared with the great good that will come from providing more grain for Europe's starving war victims.

Just remember this — we're going to give you all the JAX Beer we can. Remember, too, that although JAX will be somewhat scarce for awhile, you can't get better beer at any price . . . so always ask for JAX on the chance that your dealer will have it. We hope it won't be long before we can give you all the JAX Beer you want.

W.S.C.S. CONDUCT REGULAR MEETING

Mrs. E. L. Hosley led the devotional and conducted the Bible study at the meeting of the Women's Society of Christian Service Wednesday afternoon. Mrs. George Ganas was in charge of the program on "World Order and Peace." The business session was presided over by the president, Mrs. A. L. Wallis, who appointed a committee to prepare the dinner for the Laymen of the Methodist church, which will be held Monday night. Mrs. George Ganas, Mrs. Spotswood Burr, Mrs. R. W. Kidder and Mrs. Wallis made up this committee. It was voted to donate to the Scarritt College endowment fund and to the district fund. Mrs. Karl Campbell and Mrs. Frank Dooley were welcomed as new members.

At the close of the meeting, Mrs. William Elder and Mrs. Ogle Moore served delicious refreshments.

Guests attending were Mrs. N. H. Campbell of Plains, Ga., and Mrs. E. D. V. Burr of Miami.

MARIE POTTER CELEBRATES BIRTHDAY

Mrs. J. W. Potter entertained Tuesday afternoon at her home honoring her daughter, Marie Alice, on her fourth birthday. The St. Patrick motif was carried out in decorations and favors, and a beautiful green and white birthday cake was served with ice cream. The hostess was assisted by the Misses Vonnelle and Wynlena Wynn.

The guests included Betty Jane and Margie McDonald, Eileen Howington, Diane Sue McWhorter, Judith Weathers, Jimmy Dooley, Mickey Williams, Mr. and Mrs. Ashley, Jr., and Leon Collier.

POPPY DAY SET BY LEGION AUXILIARY

The American Legion Auxiliary met Tuesday evening at the home of Mrs. Esther Ringo, with Mrs. Edwin Cross serving as co-hostess.

Several important business matters were transacted, and a vote was unanimously cast in favor of the Auxiliary cooperating with local civic clubs to erect a public building in the park. Mrs. Martha Freeman and Mrs. Mary McLendon were appointed delegates to attend the fifth district conference on April 6 and 7 to be held in Ft. Lauderdale.

Poppy Day was set for May 7, and Mrs. Mabel Tedder will act as chairman for Belle Glade and Mrs. Effie Allen for South Bay. A change in the regular meetings was decided on and will now be held on the third Monday in each month. Membership blanks were given to each member and they were requested to bring a new member to the next meeting.

An announcement was made that the next meeting on April 15 will be at the home of Mrs. Katherine Harris and Mrs. Pat Clayton.

Following the business session a delicious salad course was served by the hostesses.

SEWING SCHOOL TO BEGIN ON TUESDAY

Miss Bertha Hausman, county home demonstration agent, is announcing that a special sewing school will be held on March 19 and 20 at the Okeechobee Camp sewing room. Miss Joyce Bevis, state clothing spe-

cialist of Tallahassee, and Mrs. Mildred J. Michaud, assistant county agent, will conduct the classes on slip covers. Classes will begin each day at 10 a.m., and those attending will bring their lunch. Equipment necessary will be made for the slip covers, tape measure, scissors, pins, and the article of furniture to be covered.

The regular meeting of the Home Demonstration Club will be held at the home of Mrs. H. O. Earwood on March 21 at 3 p.m. Mrs. R. V. Allison will serve as co-hostess.

MISSIONARY SOCIETY MEETS AT DARDEN HOME

The Women's Missionary Society of the First Baptist church met Monday afternoon in the home of Mrs. J. O. Darden. Mrs. L. L. Price had charge of the program and Mrs. H. O. Earwood gave the devotional. Mrs. G. I. Evans helped Mrs. Darden with the entertainment. Others attending were Mrs. George Williams, Mrs. Hayden Williams, Mrs. I. E. Enlow, Mrs. J. K. Baker, Mrs. Vernon Jones, Mrs. Rufus Moten, Mrs. Jo Farmer, Mrs. Grady Edwards, Mrs. Hubert Chamblee, Mrs. Howard Moody, Mrs. C. T. Pennington, Mrs. C. C. Markham and Mrs. Lillian Kerr.

WOMAN'S CLUB WILL MEET WEDNESDAY

Friendly Style Shop Reopens Under New Management

The Friendly Style Shop, which has been closed for several weeks to permit of remodeling and adding a new line of merchandise, is now open. The store is managed by Mrs. C. A. Phipps as manager.

The store sure takes on a spic and span appearance and is attractively arranged for showing merchandise.

Mrs. Phipps' line of goods will include ladies' wear, millinery, hose, ladies' accessories and costume jewelry, and an assortment of men's wear and accessories.

To Speed Up Production

The Belle Glade Motors Co., local representative of the Ford Motor Company, as distributors of its products, have been advised by the company, that car and truck production has been greatly retarded by the steel and automobile strikes, but as soon as these are settled production will be jumped over previous estimates of output, in order to get units to anxiously awaiting customers, even the overhead costs have advanced by several dollars, and still sell under OPA prices. The local distributors have a display advertisement in this issue of The Herald, well worth reading.

Will Engage In His Own Business

THE CALL HAS COME THAT WE MUST PROVIDE FOOD FOR THE ENTIRE WORLD

Where else but in the Glades can the job of raising food products be better staged? We raised plenty of produce for our services during the war, through good land and intelligent farming, and we can do it again for the call of the world's humanity.

You farmers have the lands, equipment and the labor, but we have the balance of the other requirements for crop raising, namely:

SEEDS — FERTILIZERS and INSECTICIDES

With our celebrated "Bred-Rite" Seeds you are assured of prolific crop bearing plants; with our fertilizers, an increased production; and with our insecticides, you will be free of most crop pests.

What About This SINGER ISLAND BEACH?

Where Is It?

Why should we get excited about a beach now?

Anyhow, isn't there plenty of Ocean and our Beach?

**WHY SHOULD THE GLADES VOTE A BOND ISSUE FOR A
BEACH NORTH OF WEST PALM BEACH?**

SINGER ISLAND BEACH begins on the north side of the Inlet; it has 9900 feet of water frontage, ocean, inlet and Inland Waterway; it contains 200 acres.

The only beaches available to Glades people are Lake Worth, and the municipal beach at Palm Beach. Increased use of these by everybody makes it necessary that those municipalities protect their own citizens and restrict their use.

Real estate values are continually mounting and Ocean frontage is coming in demand more and more for subdivision. This stretch, because of location near the center of the east coast of the County, and because it is continually building up instead of wasting away as others are, is very desirable. Uncle Sam's income tax and the deal now in hand make the price to be paid very attractive—much less than its present appraised worth. Private owners are anxious to purchase at a much higher price for subdivision.

Plans are being made to put in roads, a casino with swimming pool and lockers, picnic grounds, play parks for children, barbecue pits, etc., **FOR THE ENTIRE COUNTY.**

You are asked to vote on an \$850,000 bond issue—\$450,000 to pay for the land and \$400,000 for the improvements. The bonds for the land are to be taken by the present owner over a 15 year period at 3 per cent. The balance will be sold in the market.

If you have a home assessed at \$6,000, you will pay not to exceed \$1.00 additional taxes for this purpose; if your assessed valuation is \$5,000 or less, you pay nothing. If the project becomes self-liquidating, as is expected within a few short years, then you pay nothing in additional taxes. If you have to pay \$1.00 per thousand of assessed valuation over \$5,000, **ISN'T IT WORTH THE COST TO YOU AND YOUR FAMILY?**

Consider also the value to the visiting tourists, conventions, etc.; the Glades does not cater to tourists now, but they don't hurt the Glades and they are an asset to the County.

Come out and vote next Tuesday the 19th. Vote for this if you believe in it. Vote against it if you feel you must---but

President Seegrege announced that as Al Beverly, branch secretary, would be absent much of the time during the summer, it had been decided to establish a convention secretary bureau, through which all convention matters and work of the committees would be cleared. Mrs. Willie McIntosh will be in charge of this bureau at the Unity Farms office in Pahokee. To carry out the work of the convention the president named the following committee chairmen, who will select their assistants:

General Chairman, Roy Seegrege, Pahokee.
Registration, Harold Rabin, Belle Glade.
Finance, Frank Dooley, Belle Glade.
Banquet, B. Lee Hayman, Belle Glade.
Entertainment, L. J. Frazer, Pahokee.

Transportation, C. A. Thompson, Belle Glade.

Get-together Party, W. L. Dunham, Canal Point.

Ladies' Entertainment, Mrs. E. L. Pope, Pahokee, and Mrs. O. G. Pope, Belle Glade.

Housing and Reception, E. L. Pope, Pahokee.

Souvenir Program, E. A. McCabe, Belle Glade.

The Branch is laying its plans for the largest and best convention ever held by the League, and will issue a souvenir book of around 600 pages, which will be a valuable and prized document for the League members.

It is expected that the attendance will reach around the 1500 mark, and already 250 registrations have been filed by those expecting to attend. Registration will provide visitors with a week's stay before the convention, the convention week, and the week afterward, thus providing a real vacation in Florida for the visitors. This is deemed a most liberal gesture on the part of the Johnson hotels. The Biltmore will be the convention headquarters and be exclusively assigned to convention guests, and as much of Whitehall as may be required, as well as other accommodations if they are required.

P. P. DeMoya, president of the Palm Beach County Resource and Development Committee, tendered the full facilities of that organization to the Branch in connection with convention affairs. His proffer was accepted and Pete and his staff will be charged with the preparation of a convention week display of Glades products, as well as a citrus display from the Loxahatchee and Indian River groves, as well as having give-away vegetables for the conventionists.

The convention's opening night will be featured by the get-together party; the second night will be open, and the third night will be the famed banquet. During the day convention sessions, entertainment will be provided for the visiting women and indications point to a record breaking attendance of the females.

President Seegrege has named the following standing committee chairmen for the Branch: Executive, Harold Rabin; legislative, L. L. Stuckey; membership, J. H. Burwick; nomination, E. A. McCabe; publicity, Lester Dunham; transportation, H. J. Clause; counselor, W. C. Lord.

The firm of E. H. Borchardt of Belle Glade was elected to membership in the Branch.

Don't Bar Floridians

Tallahassee, March 17 (FNS)—Colin English, state superintendent of public instruction, this week asked southeastern medical colleges not to exclude Florida students, who have no medical school in their home state.

"All medical schools have limited enrollments and long waiting lists," English said, "and now they are giving preference to students in the states in which the college is located."

English said he had asked that Florida's problem be given special attention by Duke, Emory and Vanderbilt universities which have in the past had many Florida students. He feared that now Floridians might be rejected in favor of home-state students.

Florida Big Payer

Jacksonville, Mar. 17 (FNS)—Florida tax payers paid about one-third of their income into the U. S. Treasury in 1945, the State Chamber of Commerce reported this week.

Payments to the government reached \$392,841,734, the chamber said, an amount which was about as much as the state derives from the tourist trade, and \$10,000,000 more than the total farm income.

An increase of \$375,000 in federal employment taxes paid was cited as evidence of a payroll increase of \$18,795,000, indicating the growth of industry in the state.

Children Learning Animals

School kids and oldsters, who have not had opportunity to see many of our wild animals, are now having that opportunity this week at the showing of the Animal Oddities, over on the Rader circus grounds. The show is appearing there under the auspices of the Music Department of the schools, and is proving a big attraction, as well as an educational feature. In school circles there is a lot of discussion about animals, and especially about the smallest and largest horse and the 101 other strange creatures on exhibition.

Brother Dies in Delaware

Walter F. Robertson, who has been located in Belle Glade for the past five months as an insurance agent, has moved his agency to the Citizen's building in West Palm Beach where he will have his future headquarters.

On Monday, Mr. Robertson received a message announcing the death of his brother, Calvin Robertson, at Delmar, Delaware, after a short illness. The deceased visited his brother here during the winter. Deceased was a prominent Odd Fellow in his home town and state. Mr. Robertson upon receiving the message, made quick arrangements to go north to attend the brother's funeral.

ANOTHER ATTEMPT

(Continued from page one)
Gray said as he outlined the appeal which directly resulted from action taken a few days ago in a resolution of the FVC. "The reconversion program of the vegetable grower differs from that of the manufacturer," he continued, "in that the farmer has increased his production to meet the war time needs of the nation. Now, he must adjust downward to the decreased demand. This means that the wide spread between prices paid the producer and cost to the consumer must be reduced along with elimination of delays in marketing."

"Consumers unquestionably would be surprised to know that the vegetables for which they are paying high prices, often net the farmer less than cost."

"Under OPA regulations maximum markups are guaranteed to the distributor, the secondary handler or jobber and the retailer. Paradoxically, these are both too high and too low; too low, because they do not allow for unanticipated losses to the handlers, and too high because every handler tries to protect himself by charging the full fee, even if this requires juggling the produce around town OPA, and not the distributor, created this situation, and it is hard to condemn the distributor for protecting his interests."

"In effect, OPA pricing guarantees that the consumer will pay the ceiling for fresh vegetables, even when the producer is not getting back his cost of production. This has happened repeatedly. Pricing officials have admitted privately to me it is impossible to adjust the consumer ceiling, so that the consumer would get the benefit

of reduced farm prices. "We contend the blame for all this rests on OPA. If it would follow its own de-control program, it would exempt every Florida fresh vegetable from price control and permit the industry to carry out an orderly post war merchandising program which would result in better vegetables at lower prices to the consumer. Until OPA recognizes that the full production to which it aspires has been already attained by the winter vegetable industry, Florida vegetables will continue to cost the consumer several times as much as the grower receives for them."

While in Washington, Gray and representatives of the vegetable industry from other areas will testify before the House and Senate committees which are considering renewal of OPA legislation. They will say that the present cumbersome perishable food regulations are keeping consumer prices at a high level in spite of reduced income to the producer.

Our Policy on

NEW CAR ORDERS

In accordance with fair procedure

We are now accepting orders for earliest possible delivery of new cars. However, as you know, there are not enough new cars for all who want them. Therefore, we want to make a clear statement of our policy . . . so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

1 We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule

2 We will definitely reserve a percentage of our cars for those who served in the Armed Forces. We feel sure that all our customers will agree with the justice of this exception.

3 If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.

Boy Scouts Meet
The Boy Scouts held their regular meeting at the Scout Hut Tuesday evening. A tenderfoot ceremony was conducted and Fredrick Stevens was initiated. Those present were Kenneth Lutz, Howard Connell, Teddy Pope, Walter Schlechter, Buddy Friedman, Billy Mathis, John Bregger, Henry Fears and Scoutmaster Frank Miller.

Sixth Grade Elects Officers
Mrs. Iva Barry's sixth grade recently held a class meeting and elected officers for the remainder of the term. A gold medal pin was presented to Miss Alma Murphy on her birthday by the pupils in appreciation of her interest and help. Many of the children were in Miss Murphy's room last year. Officers and committees are as follows: President, Bobby Hooker; vice president, Mary Maloy; secretary and treasurer, Billy Mathis; judge, Bob Mulkey; health inspector, Carol Hummel; flower committee, Catherine Friedman and Wynne Collins; library committee, Betty Jean Harris and Patsy Weaver.

Marionette Show
Gail and Karen Allison entertained the second and fourth grades with "Epanimondas," a marionette show. This was a home project, and they were assisted by their mother, Mrs. R. V. Allison. It was a fine show, and the first grades were guests at the performance at the Happy Tona theater.

Rev. Jameson Assembly Speaker
An assembly was held in the school auditorium Friday during sixth period when Rev. Jay O. Jameson, pastor of the Community Methodist Church, was guest speaker. He gave an interesting talk which was enjoyed very much by all of the students.

Seniors Have Skip Day
The seniors enjoyed skip day Monday by spending the day at Greynold's Park in Miami. Horseback riding, swimming and boating were enjoyed by all. After the lunch, which was prepared by the girls, pictures were taken to be used in the annual. Due to the fact that some of the boys were on the baseball team, they came back by way of West Palm Beach and attended the game between Belle Glade and West Palm Beach. Sponsors who accompanied the students were Miss Margaret Roberts, Mrs. Ida Hardy and Mrs. Pat Burke. Seniors attending were Norman

Jean Armstrong, Mary Kate Barwick, Audrey and Carol Best, Joyce Borchardt, Edith Bregger, Claudine Chambers, Sue Cherry, Mary Clements, Ava Nell Earnest, Charlotte Enlow, Delores Frier, Betty Greenwood, Inogene Hester, Mary Elizabeth Hooker, Ouida Hughes, Mildred Kinchen, Yvonne Lanier, Chloee Lee, Vivian Miller, Marion Matchler, Martha Ratley, Peggy Thompson, Peggy and Dorothy Walker, D. C. Arnette, Jewel Bass, Joe Cherry, Walter Cobb, Jack Comarrie, Richard Pike, Barnes Creech, Sonny Smith, J. A. Tedder, Herbert Priest, Geo. Wedgworth and G. A. Smith.

Girl Scouts
Troop one held its regular meeting at the Hut Monday afternoon under the leadership of Mrs. Walter Cross. Plans were made for a beach party at the Lake Worth casino Saturday. Baseball was enjoyed with the patrol playing each other, and at a later date they will play the Mariners. Those present were Kay Lutz, Daphne Schreiber, Janie Brackin, Betty Jean Pitts, Madeline Wilson, Joanne Kent, Mary Lou Hummel, Joanne Livingston, Geraldine Dras, Dorothy Breckin and Betty Lou Powell.

Sophomores
Plans are being made by the Sophomore class to have a beach party at the Lake Worth casino Saturday morning.

Long Distance Lines Are Busier Than Ever

More people are making more long distance telephone calls than ever and you may experience delays on some of your calls.

We are doing everything possible to expand facilities. This year thousands of miles of new long distance circuits are being added—additional long distance switchboards are being installed in many places and hundreds of trained women are being employed and increasing as operators to help meet the trained demand for more long distance service.

It's a big job and will take time. Until the job is done we will continue to need your help when circuits are overloaded by using the service only for necessary calls. Your continued cooperation is appreciated.

THE OLD JUDGE SAYS...

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well... it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing... chronic alcoholics are abnormal people and we can't change our ideas about how to handle them."

CLEM: "Is that way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to psychiatrists and medical men at one of our great universities, the alcoholic is a sick person. The study of hundreds of cases shows he is suffering from some physical, social or emotional condition... just as in the case of that poor chap in the picture. Fortunately, they represent only a very small percentage of those who drink."

TED: "Is anything being done to really help these folks, Judge?"

OLD JUDGE: "Yes... a great deal in clinics throughout the country. And with the cooperation of the beverage distillers who sincerely want their product used only in moderation."

To be able to meet the demand of our restaurant employees that they have one day off in seven, we are forced to adopt a new schedule of operations

Beginning Monday, March 18

our restaurant will be closed all day on MONDAYS and will keep open continuously from 7 a. m. to 8:30 p. m. through TUESDAYS and SUNDAYS.

We are arranging our menus so that we will have on hand FOOD suitable for a mid-afternoon meal or snack, including desserts and assorted sandwiches.

We are appreciative of your past patronage and hope that our new operative schedule will meet your approval. We serve only the best of foods that the market provides.

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES have taken the place of PRODUCTION LINES!

...so don't blame your Implement Dealer!

Your implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Stalled When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	NOV. 1945	DEC. 1945
Tractors.....	7,271	7,432
Combines.....	2,345	2,524
Cultivators.....	3,482	3,308
Hay Loaders.....	209	752
Plows.....	6,185	6,702*

*Plows are made in two centers and Chaffinco Works, which are not in production, January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About? Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.154. If present wage proposals are adopted, this figure will become \$1.334 per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

OBSERVATIONS

planes, automobiles and a great many of life's necessities until the 20th. Which proves that no one is poor, underprivileged or oppressed if he does not know about it. Quit your hollering, you pessimists. We have been gipped, so we expect it, and might just as well prepare to keep on taking our nauseous medicine.

Went into the theater Sunday night and during the picture, a tough old hombre was introduced as Gledhill, and he landed out in the desert ahead of a delegation of irate plainsmen. That's the first time I ever heard of anyone by my name presented on the screen, and why they had to attach it to the character they did, is beyond me, for if they had known the history of the Gledhill family, they would never have traced a criminal act. Got a kick out of it, even in the form it came. My seat neighbor gave me a punch in the side and one woman nearby, under her breath, remarked, "Why, that's the Judge's name." Wonder a bit how they did pick up the name.

The site of the proposed new bank building of Florida National Bank at Belle Glade, just across the bridge, has been built up in elevation, with hundreds of loads of muck from the city rock pit. This is at least one indication that some day a fine business structure will be erected there. Bill Pierce also is filling up some of his North Main street frontage.

The City Dads are standing firm on the provisions of the zoning ordinance, and are not granting any permits to erect business or other structures in the area which do not come up to code requirements. They adopted the ordinance as a safety measure from fires, and deem it wise to stand by their measure.

The Commissioners also see the day, and it is here right now, when expansion of city limits will be a necessity, and they are studying that problem for action prior to the next session of the State Legislature, for that body in the end must approve all such extensions of corporate lines. The Commissioners are decided that when lines are established, there will be no zigzag work, but it will be a straight line from point to point. Housing and business buildings are making such a move imperative, and there may be need of some zoning within the present city confines.

Growth of any city means more demands upon city funds, for as a city expands so do expenditures, and the only method the city has to secure funds is by property taxation, so as a forerunner, property owners can expect a hiking in property values and taxes are long.

As president of the Belle Glade Chamber of Commerce, Milton Campbell got his directors and committees to work, and while perhaps a special object has been brought into fruition, there has been a lot of planning done that will be of value in the future development of the city and area. With a hustling, active returned veteran in to head the Chamber the coming year, in Julius Harris, we should expect to see still more activity and advancement of affairs in the city.

Our nation is strong. The greatest evidence of our democratic morality and strength is that, although strikes are hurting every citizen, no responsible group demands that the right to strike be abolished. Through depression and war we have taken no action which need put any permanent dent in the American way of life, with all its freedoms and benefits.

When groups of business men from the Pacific and western states come to visit and inspect the Glades area, it indicates that our territory is gaining publicity of the type which inspires the satisfaction of curiosity. Most of them see, and go away convinced that we really have something in the agricultural line, and go away well impressed with our area and its future possibilities. Some of them get so interested that they say, "We'll be back." Most of the fellows we are interested in, and should welcome with open arms.

We don't know whether our yell over the miserable and unsafe condition of Oseola Road brought about its repair by the county, but nevertheless, the road is being rocked, rolled and put in passable condition for the balance of the season. That road sure has had a terrific transportation pounding this season.

Four burglaries and three men in jail for their criminal acts, makes a pretty fine record for the Belle Glade police department, for they sure made a fine cleanup on those colored men who tried to benefit by unlawful acts.

The City Dads feel mighty proud over their purchase of that modern garbage collection truck. As it is a covered wagon there will be no odors, no flies hovering around it, and its body will hold an entire day's collection of garbage, when it is compressed, for later dumping into the pit at the garbage dump.

Farmers are now expecting that the celery harvest from our fields will not be completed until some time in June. The season is a bit over half way in the harvest. Though prices have not been so high as last year, yet the greater volume will likely make up the difference over last year. Looks as if our mammoth farm record of last year would be met or exceeded.

Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods—fast—in quantity.

BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty... reduced output... more inflation.

ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally—as they always have—in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself... and to your country's welfare.

LET'S SMOTHER INFLATION... A postcard addressed to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring your copy of a booklet explaining in detail why price controls cause inflation.

Bible School Workers Enjoy Double Feast

Seventeen workers from the South Bay Baptist Church attended the First Annual Workers Training banquet for the Lake District Sunday Schools of the Palm-Lake Association at the Clewiston Inn Friday night. They were Mrs. L. O. Ratley, Mrs. A. B. Barney, Mrs. R. A. Hall, Mrs. S. M. McAllister, Mrs. W. M. Jeffries, Mrs. Louise Weathers, Mr. and Mrs. J. Hardy, Mr. and Mrs. M. D. Hardy, Rev. Hollis Martin, Ray and Harold Hardy, Mrs. F. W. Mutchler, Mrs. Maude Hartline, Mr. and Mrs. Edwin Best. Out of the Glades guests included Rev. Tom Collins of Nashville, Tenn., Rev. and Mrs. John R. Martin of Delray Beach. Approximately one hundred were in attendance, the remainder from Belle Glade, Canal Point, Pahokee, Lake Harbor, Clewiston and Moore Haven.

Officers of the District Association include Richard Heller, Superintendent; Mrs. J. Richard Heller, Secretary and Treasurer; Louis Bolton, Young People's Superintendent; Mrs. John Pittman, Intermediate Superintendent; A. C. Vowell, Adult Superintendent; Mrs. S. M. McAllister, Primary Superintendent; Rev. C. L. Clements, Extension Superintendent.

The program for the evening was presented between courses of the banquet. "All Hail the Power of Jesus Name," everybody singing. Invocation, Rev. C. L. Clements.

"The Teacher and His Class," Rev. Tom Collins.

Musical numbers on electric guitar and accordion, Rev. and Mrs. A. M. Dawson. An After Dinner Summation, Rev. C. A. Moberg.

Special numbers by the Clewiston Church quartet. "To the Work," concert singing.

Benediction, Rev. I. E. Enlow.

Scouts Held Up

The Pahokee Boy Scout troop enroute to Fishing Creek on a week end camping trip under the direction of Scoutmasters Jack Phillips, J. V. Thomas and I. W.
